

Directions To Seymour Marine Discovery Center

From San Francisco: take Highway One South from San Francisco. As you approach the city of Santa Cruz, Highway One becomes Mission Street. The first stoplight you pass through on Mission St. is Western Drive. The second stoplight (about an 8th of a mile) will be Swift Street. Turn right on Swift Street. Turn right on Delaware Avenue. Follow Delaware until it dead ends at the Long Marine Lab entrance. Continue through the gate and follow the road to the end. The Seymour Marine Discovery Center will be the last building on the left. Parking is available in the lot in front.
